DETAILED ACTION

Response to Amendment

The Amendment filed on 6/25/2007, has been entered and acknowledged by the Examiner.

Cancellation of claims 2, 19, and 26 has been entered.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Thomas Omholt on 9/13/07.

The application has been amended as follows:

In the claims:

In claim 1, --field emission electrode comprising a-- has been added after "A" and before "layered" in line 1.

In claim 16, --a field emission electrode comprising-- has been added before "a layered conductive rod" in line 3.

This application is in condition for allowance except for the presence of claims 27-45 directed to inventions non-elected without traverse. Accordingly, claims 27-45 have been cancelled.

Allowable Subject Matter

Claims 1 and 3-18 and 20-25 are allowable.

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to disclose or fairly suggest:

- **Claim 1:** A field emission electrode comprising a conductive rod having side walls covered with a first insulating layer, a field emitter layer covering the first insulating layer, and a second insulating layer covering the field emitter layer, in combination with the remaining claimed limitations as called for in claim 1 (claims 3-15 are allowable for the same reasons since they are dependent from claim 1);
- **Claim 16:** A vacuum tube including a field emission electrode comprising a conductive rod having side walls covered with a first insulating layer, a field emitter layer covering the first insulating layer, and a second insulating layer covering the field emitter layer, in combination with the remaining claimed limitations as called for in claim 16 (claims 17, 18, and 20-25 are allowable for the same reasons since they are dependent from claim 1).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
